* These programs had not been in effect long enough to produce graduates and thus there is no employment rate to date.

ATA College is accredited by the Accrediting Bureau of Health Education Schools. The formula mandated by ABHES in calculation of placement rates is as follows:

$$(F + R)/(G-U)=P\%$$

F = Graduates placed in their field of training

R* = Graduates placed in a related field of training

G = Total graduates

U** = Graduates unavailable for placement

P% = Placement percentage

* Related field refers to a position wherein the graduate's job functions are related to the skills and knowledge acquired through successful completion of the training program.

** Unavailable is defined only as documented: health-related issues, military obligations, incarceration, continuing education status, or death.

Books

Students have the option of purchasing their own books. A list of books, by program, can be found here:

www.ata.edu/student-services/books
