Academic Integrity Policy

All ATA Career Education students are expected to conduct themselves in an ethical and professional manner. All academic assignments, including papers, homework, tests, and in-class assignments are to be the work of the individual student unless otherwise specified by the instructor. The following are examples of unethical or unprofessional behavior:

- Plagiarism: Using another person's words, ideas, or results without giving proper credit to that person.
- Using notes, textbooks, or other materials when not allowed during an examination.
- Giving test questions or answers to another student or obtaining them for another student.
- Partly or wholly completing an assignment for another student.

Consequences: ATA administrative personnel will review instances of unethical or unprofessional behavior as described and take action which may include failure of the course of study up to suspension/termination from ATA Career Education.
